

RESEARCH STUDY

Are you employed at the PQWCHC/UHN HART Hub?

If you answered YES,
we would like to speak with you!

Research Study: A Multi-Stakeholder Needs Assessment to Strengthen HART Hub Engagement Among People Who Use Drugs

We are conducting a study to examine the design and delivery of the Mid-West Toronto HART Hub: Parkdale Queen West Community Health Centre HART Hub site and the University Health Networks (UHN) Stabilization and Connection Centre spoke site.

- Employees of the Mid-West Toronto HART Hub: Parkdale Queen West Community Health Centre HART Hub site, or the UHN Stabilization Centre spoke site may be eligible to participate
- The study involves a virtual (telephone or internet) or in-person 10 minute survey followed by a 30-60 minute interview with a member of our research team. Your feedback will be confidential and participation in the study will not affect the services that you are able to receive.

To learn more about the study or to participate, please contact us at

Email: OCRINTProject@camh.ca **Phone:** 1-888-616-0196

The security of information sent by e-mail cannot be guaranteed. Please do not communicate personal sensitive information by e-mail. Email is not monitored outside of work hours. Please do not use email to communicate emergency or urgent health matters – please contact your clinician or, in case of a medical emergency, call 911.

This study is conducted by the Centre for Addiction and Mental Health (CAMH) and principal investigator Dr. Samantha Wells (REB #). CAMH is a research and teaching hospital fully affiliated with the University of Toronto and is a Pan American Health Organization/World Health Organization Collaborating Centre.
